If you have any questions, or need assistance, please reach out to Employee Services.

Medical Insurance

Who is Eligible and When:

Eligibility for medical coverage is effective the first of the month following date of hire. Employee Services will meet with you and review your benefit options before your effective date.

Regular nonunion employees working 20 hours or more per week, or union employees working 25 hours or more per week are eligible to participate in the Medical Plan with the PWD. Employee contributions are prorated based on normal scheduled working hours.

Benefits You Receive:

PWD offers comprehensive Medical Benefits to our employees through Harvard Pilgrim. All plans remain unchanged from 2023. You have 4 choices in plans to meet you and your family's health and financial needs. We will continue to offer the HMO, the HMO-HRA plan, the POS and the HMO 2500 medical plans with no change in the benefits from 2023.

HMO Plan

The HMO Plan has the most generous coverage of all the plans and also has the highest weekly employee contribution.

- There is zero deductible and zero co-insurance.
- The out-of-pocket maximum of \$2,000 for single and \$4,000 for family coverage is in the mid-range of all the plans. Anything in excess of these amounts is paid by the plan.
- Co-pays are the same or lower cost than the other plans, apply to the same services, and count toward the out-of-pocket maximum.
- Preventive office visits are covered in full.
- Imaging, outpatient and inpatient care are covered at 100% with no cost to you.
- You must identify a Primary Care Physician and get referrals for most services. The referrals are for in-network providers. The plan does not cover any cost if out-of-network providers are used.

HMO-HRA (Health Reimbursement Arrangement) Plan

The HMO-HRA plan has an intermediate level of coverage and intermediate weekly employee contribution (less than the HMO and POS plans and more than the HMO 2500). PWD is sharing employee's costs for this plan to encourage participation, so there are important and unique billing requirements for this plan—see below.

- A deductible will apply ONLY if you use inpatient (hospitalization) or outpatient (day surgeries and procedures) services. The deductible is \$500 for single or \$1,000 for family coverage. (These are the costs to you. The actual plan deductibles are \$1,000/\$2,000 but PWD is covering 50% of those costs.)
- Co-insurance will apply ONLY if you use inpatient (hospitalization) or outpatient (day surgeries and procedures) services. The co-insurance is 20% of the cost of the inpatient or outpatient service. Anything over 20% is paid by the plan.
- The out-of-pocket maximum is the lowest of all the plans due to PWD's cost-sharing. The co-insurance plus deductible plus co-pays will never exceed the out-of-pocket maximum of \$1,250 for single or \$2,500 for family. Anything in excess of that is paid by the plan. (These are the costs to you. The actual plan out-of-pocket maximums are \$2,500/\$5,000 but PWD is covering 50% of those costs.)
- Co-pays are the same or lower than the other plans, apply to the same services, and count toward the out-of-pocket maximum.
- Preventive office visits are covered in full.
- Imaging (labs/x-rays) and advanced radiology (MRI, CAT, PET scans) are covered at 100% with no cost to you.
- Inpatient (hospitalization) and outpatient (day surgeries and procedures) are subject to the deductible and 20% co-insurance.
- You must identify a Primary Care Physician and get referrals for most services. The referrals are for in-network providers. The plan does not cover any cost for out-of-network providers.
- IMPORTANT AND UNIQUE TO THIS PLAN, if you receive inpatient or outpatient care, YOU WILL NOT PAY at the time of the service. The bill will go to Harvard Pilgrim and London Health, PWD will pay its 50% share, and then you will receive a bill for your 50% of the deductible and co-insurance from the provider.

HMO \$2500 Plan

The HMO 2500 has the lowest weekly employee contribution, but services have higher out-of-pocket costs when the plan is utilized. It is designed for employees (or covered family members) who do not anticipate using the plan for many services and want to pay less in payroll contributions. Lower payroll contributions may allow employees to redirect funds saved elsewhere, such as to a 457 plan, or to a medical flexible spending account for expenses that will be incurred during the year.

- A deductible and co-insurance will apply if you use inpatient (hospitalization) or outpatient (day surgeries and procedures) services, or get labs/x-rays or advanced radiology (MRI, CAT, PET scan). The deductible is \$2,500 for single or \$5,000 for family coverage, higher than for the other plans. The co-insurance is 20% of the cost of the inpatient or outpatient services, labs/x-rays or advanced radiology. Anything over 20% is paid by the plan.
- The out-of-pocket maximum is the highest of all the plans. The co-insurance plus deductible plus co-pays will never exceed the out-of-pocket maximum of \$5,000 for single or \$10,000 for family coverage. Anything in excess of this is paid by the plan.
- Co-pays are higher than the other plans, apply to the same services, and count toward the out-of-pocket maximum.
- Preventive office visits are covered in full.
- Imaging (labs/x-rays) and advanced radiology (MRI, CAT, PET scans) are subject to the deductible and co-insurance in this plan.
- Inpatient (hospitalization) and outpatient (day surgeries and procedures) are subject to the deductible and co-insurance.
- You must identify a Primary Care Physician and get referrals for most services. The referrals are for in-network providers. The plan does not cover any cost for out-of-network providers.

POS Plan

The benefit design for the POS plan has generous coverage and the second highest weekly employee contribution. The POS is the only plan that covers out-of-network providers, but they are covered at a lower level than in-network providers, so the cost to the user will be higher than for in-network providers.

- There is zero deductible.
- Co-insurance is 10% of the cost of inpatient (hospitalization) or outpatient (day surgeries or procedures) service. Anything over 10% is paid by the plan.
- The out-of-pocket maximum of \$1,500 for single and \$3,000 for family coverage, which is the second-lowest of all the plans. Anything in excess of this is paid by the plan.
- Co-pays are the same or lower cost than the other plans, apply to the same services, and count toward the out-of-pocket maximum.
- Preventive office visits are covered in full.
- Imaging (labs/x-rays) and advanced radiology (MRI, CAT, PET scans) are covered at 100% with no cost to you.
- Inpatient (hospitalization) and outpatient (day surgeries and procedures) are subject to 10% co-insurance.
- You must identify a Primary Care Physician and get referrals for most services. The referrals are for in-network providers. The plan covers the cost for out-of-network providers at a lower level than in-network providers.

The tables in this Benefit Summary list a partial outline of services. Please refer to the Harvard Pilgrim Schedule of Benefits for a more comprehensive outline of coverage. To change a primary care physician, please call Harvard Pilgrim Health Care at 888-333-4742.

All four plans have the same prescription drug benefits using the Harvard Pilgrim 5 Tier Value Formulary. Please note that there is a separate/additional Out-of-Pocket Max (\$1,000/\$2,000) for prescriptions drugs. See pages 6 and 7 for details.

Medical Opt-Out

PWD provides a medical opt-out which is available to eligible employees who choose not to participate in PWD's Health Insurance when they have coverage elsewhere. An opt-out would result in a payment to the employee of \$93.07 per week. Proof of other health insurance coverage will be required each year to take advantage of this benefit.

Prescription Drug Benefits

In 2024 PWD will continue to provide your Prescription Drug benefits through the Harvard Pilgrim Pharmacy Program, with mail order from Optum Rx.

Tier 1: Tier 1 is primarily made up of lower-cost generic drugs. You pay the lowest cost-sharing amount for these drugs.

Tier 2: Tier 2 is primarily made up of higher-cost generic drugs. These drugs contain the same active ingredients as their brand-name counterparts.

Tier 3: Tier 3 is primarily made up of preferred brand-name drugs.

Tier 4: Tier 4 is primarily made up of preferred specialty drugs and non-preferred brand name drugs.

Tier 5: Tier 5 is primarily made up of non-preferred specialty drugs and other selected, high-cost brand-name and generic drugs.

Your prescription drug benefit covers most generic drugs and most brand-name drugs that do not have generic equivalents.

In addition to the medical out-of-pocket max, all plans have an Rx out-of-pocket maximum of \$1000 per member and \$2000 per family.

HP DRUG LOOKUP – Value 5-Tier

How to Look Up a Drug in the Value-5 tier Formulary on the Harvard Pilgrim Website

You can either select “Ask HaPi” per the instructions, below, or you can scroll to the bottom of the Harvard Pilgrim public website <https://www.harvardpilgrim.org/public/home> and select “ Check prescription coverage & cost” under Quick links

1. Go to <https://www.harvardpilgrim.org>
2. Scroll to the bottom of the page until you see a red colored box on the right that says ‘Ask HaPi’.
3. Within that red box, click on “Prescription Drug LookUp.”
4. Under “2024 Prescription Drug Plans” click on “Value 5-Tier.”
5. You may choose to download a printable pdf which will list the drugs alphabetically or by category, or
6. You may look at the “Prescription Drug List.”
7. Type in a drug name.

Prescription Drug Benefits

8. If the drug is covered, it will appear and list Brand and Generic. Click on “Brand” or “Generic” and you will see the tier number for your choice.
9. If a drug is not covered and there is no generic available, please go to <https://www.harvardpilgrim.org/public/request-an-exception> to learn how you may request an exception and to download an exception form to be completed by you and your physician.
10. If you wish to look up drugs by category, click on “Therapeutic Class” and click on the drug category to make your choice. You may also click on the subcategory to further define your selection but clicking on subcategory is not mandatory.
11. A list of drugs in your chosen category will appear, along with each drug’s tier number

These lists are frequently updated. Please visit [harvardpilgrim.org](https://www.harvardpilgrim.org) or call Harvard Pilgrim Member Services at 888-333-4742 to learn more.

Convenience Care and Urgent Care

As you know, in a medical emergency, you should always dial 911 or go to the nearest Emergency Room. But, when your condition isn’t life threatening, there are many places where you may seek care that are far less expensive for you than the ER.

Urgent Care and Convenience Care Clinics are becoming a popular alternative for non-emergency care. Their doctors, assistants and nurses treat broken bones, cuts, fevers, and conditions that need immediate care.

To locate Urgent and Convenience Care facilities near you:

1. Go to [Find a Provider](#)
2. Find your medical plan from those listed and click on it
3. Type either “Urgent Care” or “Convenience Care Center” in the “search” bar and click “search”
4. Enter your zip code and the distance from your zip code you wish to search (miles from)
5. The list will be posted for your review. Please check back often as the list is frequently updated

Additional Services

Doctor on Demand

For Harvard Pilgrim members, Doctor on Demand can treat many common medical conditions through live online video. See and talk to a board-certified doctor from your home or office through your smartphone, tablet or computer. You can download the app now and be prepared when someone in the family comes down with conditions such as UTI, skin rash, pink eye or influenza. Most prescriptions can be instantly sent to your nearest pharmacy. You'll be glad a doctor is only a few taps away on the day you can barely get out of bed.

Doctor on Demand also offers behavioral health care. The most common conditions that Doctor on Demand treats are depression, relationship issues, workplace stress, social anxiety, addiction, trauma and loss. The service is not meant for crisis or emergency situations. Anyone experiencing a crisis or emergency should call 911 or go to the nearest emergency room. Go to www.doctorondemand.com to start your visit on your computer or to download the app on your smartphone.

New Integrated Approach to Behavioral Health

Starting November 1, 2023, all Harvard Pilgrim members can access a comprehensive network of medical and behavioral health care providers, along with innovative programs and services, to improve both physical and mental well-being in traditional and virtual settings. Harvard Pilgrim's dedicated team will guide you from the first phone call to aftercare planning, to ensure that you receive "whole-person" care through an integrated approach. For more information or to access these services, please call the number on the back of your ID card.

Estimate My Costs

Be sure to register for your member account at harvardpilgrim.org because there are many money saving opportunities on the portal. One of them is "Estimate My Costs." Where you receive medical care can determine what you pay. The cost of a common surgery may vary at two different hospitals, even with the same doctor performing the procedure. An x-ray or MRI at one facility may cost much more than at another facility. Estimate My Costs allows you to search for a medical procedure, type of visit or procedure code. You may compare options based on cost and quality ratings provided for multiple providers and facilities. To get started, log in to your member account at harvardpilgrim.org, click "Tools & Resources" at the top of the page, then click "Estimate My Cost."

Reduce My Costs

Harvard Pilgrim offers a voluntary program which will help you save money with their voluntary "Reduce My Costs" program. If you are scheduled to receive outpatient procedures or diagnostic tests, this program will help you find lower cost providers. Harvard will also reward you for choosing to save money.

1. Call 855-772-8366 whenever your doctor recommends an outpatient test or procedure such as radiology, lab work, mammogram, ultrasound, bone density, colonoscopy, or other non-emergency out-patient tests and procedures.
2. You'll speak with an experienced nurse who will:
 - Compare provider costs and inform you of the lower cost providers in your area.
 - Assist with scheduling or rescheduling your appointment and help with any paperwork.
3. If you're already seeing a lower cost provider, you'll receive a cash reward just for calling.
4. If you decide to receive care from a lower cost provider, you will earn a cash reward depending on the service and the associated cost savings.

Harvard Pilgrim Member Portal

Your online member account has quick, reliable answers to the information you need:

- Look up benefits and claim history along with the status of your deductible and out-of-pocket maximum
- Take advantage of discounts and savings
- Learn how preventive care and conditions are covered
- Access helpful tools and resources to live a healthier life.

Register for the member portal at hphc.org and click on "Member Login."

WHY Reimbursement Program

PWD's WHY Reimbursement Program is designed to help you achieve your health goals. On the first of the month following 30 days of employment, PWD will provide you with a \$100 per year reimbursement toward the cost of fitness club membership and wellness classes such as Swimming membership, Aerobic Classes, Tai Chi Classes, and Weight Loss Meetings. Sport club memberships, such as golf, baseball, etc., are not eligible. OR, PWD will offer \$100 per year reimbursement toward the purchase of fitness and aerobic equipment such as Treadmills, Lifecycles, Weights and Bench, Bicycles. Sporting equipment, apparel and footwear are not eligible. Employees may combine the 2 options, but the total is \$100 per year combined. The amount submitted to PWD for WHY reimbursement for health club membership cannot be submitted to Harvard Pilgrim as part of their fitness reimbursement.

PWD will continue to offer a Dental plan through Northeast Delta Dental. All dentists are covered, but please remember that you save money by choosing a dentist from the network for your care. Dental benefits are available to all regular non-union employees working 20 hours or more per week, or union employees working 25 hours or more per week. Eligibility for dental coverage is effective the first of the month following date of hire. An overview is below. A complete summary is available from Employee Services.

Benefit Services and Explanations	
Preventive Services	Exams, 4 cleanings/year, x-rays – 100% covered <i>(no waiting period)</i>
Deductible	\$75 Individual / \$225 Family Lifetime Deductible. Waived for Preventive services.

Flexible Spending Accounts

Flexible Spending Accounts (FSA): Medical and/or Dependent Care

In 2024 PWD will continue to offer a Flexible Spending Account (FSA) program to all regular nonunion employees working 20 hours or more per week, or union employees working 25 hours or more per week. Eligibility for Flexible Spending Accounts is effective the first of the month following 30 days of hire. In 2024, our Flexible Spending carrier is London Health Administrators, Ltd.

The FSA allows employees to have pre-tax dollars deducted from their salaries to pay for eligible out-of-pocket expenses. The pre-tax contributions made to the FSA can be used to pay for predictable non-reimbursed health care expenses and dependent care expenses during the plan year. Through the FSA program, you can reduce your taxable income without reducing your real income, so that you can keep more of the money you earn. Under IRS rules, any balance remaining in the account at the end of the plan year will be forfeited. For this reason, you should be careful and not to over-fund your account(s).

Participation in the Medical and/or Dependent Care FSA is optional and determined on an annual basis for the plan year. You must enroll for each plan year. You determine how much to contribute to the account, up to a specified maximum, based on anticipated expenses during the plan year. In 2024 we will continue to provide participants with a Flexible Spending debit card.

Please Note: The CARES stimulus act mandates that over-the-Counter medications and supplies are eligible qualified expenses. The IRS mandates that PPE is a qualified eligible expense for FSA Accounts. For a complete list of Over-the Counter items eligible for reimbursement go to:

You are allowed to make contributions to both your Medical Flexible Spending account and your Dependent Care Flexible Spending account, up to the IRS annual limits set for 2024. As of this publishing the 2024 Annual Limits have not been released.

Wellness

PWD will continue to offer wellness events in 2024, and we encourage you to participate. Wellness is important to you and your family, and over time benefits the health plan, and that helps all of us. Take advantage of the Wellness benefits through programs offered through the Employee Assistance Program (EAP), screenings, and information at the annual wellness fair, the flu shot clinic, reimbursement through the WHY Program, the wellness coach and the many preventive features of the Harvard Pilgrim Health Plans.

Disability Insurance

PWD provides employees working 30+ hours per week long-term disability income benefits through Mutual of Omaha and pays the full cost of this coverage. Eligibility for Life, Long Term Disability and Short Term Disability coverage is effective the first of the month following 30 days of hire. In the event you become disabled from a non-work-related injury or sickness, disability income benefits are provided as a source of income.

Individual short-term disability benefits are available through Mutual of Omaha on a voluntary basis to employees working 30+ hours per week. For newly hired employees, who have not had a chance to accrue a large sick bank, or for employees who may have depleted their sick bank, short term disability provides a way to insure your income should you become incapacitated due to an accident or illness. If you purchase short term disability, your premiums are deducted on an after-tax basis. **The pre-existing condition under this plan is 3/6 which means any condition that you receive medical attention for in the 3 months prior to your effective date of coverage that results in a disability during the first 6 months of coverage, would not be covered.** If you purchase short term disability, your premiums are deducted on an after-tax basis. Eligible employees can enroll at the time of hire subject to a 3/6 month pre-existing condition requirement. Employees who have declined coverage in the past may enroll each year during fall open enrollment, subject to medical questions and subject to a 3/6 month pre-existing condition provision.

	Long Term Disability	Voluntary Short Term Disability
Benefits Begin	180 days after disability begins	1st calendar day for injury 8th calendar day for a disease
Benefits Payable	2-year own occupation, 65+ benefit duration	26 weeks
% of Income Replaced	60% of monthly salary	60% of pre-disability earnings
Maximum Benefit	\$5000 per month	\$1150 per week

Life and AD&D Insurance

Basic Life Insurance

Life insurance offers you and your family important financial protection. PWD provides employees working 30+ hours per week a life insurance benefit equal to 2x salary to a maximum of \$300,000 and pays 50% of the cost of this benefit. Eligible employees pay 50% of the cost. This is a one-time enrollment only! If you do not enroll when initially eligible, you will not be able to receive this benefit without answering additional medical questions and being approved for Evidence of Insurability. The benefits reduce to 65% at age 65 and 50% at age 70. Benefits terminate at retirement unless you exercise the option to individualize the policy. Be sure that you keep your beneficiary information current.

Voluntary Supplemental Term Life Insurance

Employees working 30+ hours per week who would like to supplement their group life insurance benefits may purchase additional coverage Voluntary Life Insurance through Mutual of Omaha.

You can buy Voluntary Life Insurance for yourself, your spouse and your children.

You may purchase coverage in \$10,000 increments up to a maximum for \$300,000 for yourself, and spouses may elect 100% of the employee's benefit up to 100,000. You may purchase \$15,000 for your children. Please note that spouse and dependent coverage is only available if employee has elected coverage.

This plan is rated using the same rates for the employee and spouse. Employee and spouse rates are calculated based on the employee's current age (as of the effective date of the plan). Employee and spouse rates are adjusted once each year on 1/1, the plan anniversary date (for employees advancing to the next age band). Spouse coverage terminates when the employee attains age 70 (regardless of the spouse's actual age).

Employee coverage reduces by 35% of the original amount when you turn 65 and by 50% of the original amount when you turn 70. If your coverage ends because you leave the PWD, you can continue coverage and have it billed directly to your home, by either converting your PWD policy to a whole life policy, or by continuing your term life policy through a process called portability. You have 31 days to convert or apply for portability without answering any medical questions.

Retirement

PWD's Deferred Compensation (457) Plan

PWD's Deferred Compensation (457) Plan offers employees a tax-favored way to contribute to your retirement income. Under the Plan, you can elect to defer from each paycheck a portion of your pay with no current income taxes withheld. You also have a choice of a Roth IRA option in which you pay taxes as you contribute, but your distributions at retirement are tax free. The Plan offers a choice of professionally managed mutual funds from which you may select when making your investment election, as well as professionally managed target date funds. As a participant, you have your own account and the amount within it is determined by the amount of compensation you defer and by the performance of your investment choices.

Employees must participate with a minimum 3% mandatory deferral and are encouraged to contribute more. The District will match 150% of the first 4.5% of compensation. If you elect to contribute 4.5%, then the 150% match will be 6.75% of your pay. You may elect to contribute more than 4.5%, but any amount exceeding this will not be matched by PWD. After successfully completing a 6-month probationary period, the "match" accrued during the prior 6 months will be applied retroactively to your hire date.

You can increase your 457 retirement plan contributions any time you wish! When making a change to the 457, those changes take effect the first of the following month after the change is made. Please visit www.principal.com. If you have never logged on before, the directions can be found on Sharepoint/Departments/ESBenefits/457 Log on info.

PWD's Defined Benefit Plan

Non-union employees hired before 1/1/12 participate in the Defined Benefit Plan for non-union employees. Union employees hired before 1/1/11 participate in the Defined Benefit Plan for bargaining unit employees. (Summary Plan Descriptions are available at Sharepoint). Effective 9/12/22, employees who are participants in either of the Defined Benefit Pension plans are eligible to receive \$1,500 in matching contributions from PWD to the 457 plan.

Any bargaining unit employee who is currently eligible and in the bargaining unit defined benefit plan prior to 1/1/11, and transfers or promotes into a non-bargaining unit position on or after 10/17/17, will have the choice of:

- remaining in the bargaining unit defined benefit plan, or
- having their benefit "frozen" at the years of service obtained prior to transferring and participating in the 457 plan. **This choice can only be made once and is irrevocable. For this reason, PWD encourages such employees to seek advice from an independent financial counselor when making this decision.**

If the employee chooses to participate in the 457 Plan upon transfer or promotion into the non-bargaining unit position, the employee must participate with a minimum 3% mandatory deferral, under the same terms noted above under the summary of the 457 Plan. After successfully completing a 6-month probationary period, the "match" accrued during those 6 months will be applied retroactively to the date of the transfer into the new position.

Please see Sharepoint for a full list of additional benefits, including employee discounts.

Paid Leave & Time Off

Sick Leave

Sick Leave covers absences for non-union and union employees. For full time employees sick leave will accrue at the rate of 8 hours for each full calendar month of active service, to a maximum of 120 days. Covered absences are temporary medical illness and/or disability of the employee. Short-term absences covered under this policy are for non-occupational illness and/or injury. In addition, a maximum of five days (40 sick pay hours) may be deducted annually from the employee's accrued sick bank to care for an ill immediate family member. Sick Leave runs concurrent with FMLA leave when applicable. Employees must use time from their sick bank first for their own illness or injury. If their sick bank is exhausted or has not yet accrued, accrued vacation time may be substituted.

Holidays

PWD provides thirteen paid holidays each year. This policy applies to non-union and union employees. The holidays observed shall be as follows:

New Year's Day
Martin Luther King's Birthday
Washington's Birthday
Patriot's Day
Memorial Day

Juneteenth
Independence Day
Labor Day
Indigenous Peoples Day

Veteran's Day
Thanksgiving Day
Day after Thanksgiving
Christmas Day

Bereavement Leave

This leave provides time away from work for an employee who has a death in his/her family or spouse's family. Please see leave policy available at Sharepoint.

Earned Paid Leave

Employees will accrue earned paid leave per the following schedule:
